We broke all boundaries to capture the world's toughest markets.

- ✓ Yes, we are the largest processor of mango in the world.
- ✓ Yes, we are the largest producer of tissue culture plantlets in the world.
- ✓ Yes, we are the second largest manufacturer of drip irrigation globally.
- ✓ Yes, we are the second largest processor of onions & vegetables worldwide.
- ✓ Yes, we have pioneered drip irrigation and its revolutionary usage even on farm crops like rice and wheat.
- ✓ Yes, we commercialized Ultra High Density Plantations & tissue cultured banana, pomegranate, guava, strawberry, sweet lime & coffee for the first time in India.
- ✓ Yes, we are in collaborative farm research with international institutes, IRRI, ICRISAT, CIMMYT, Nebraska University, USA and 30 universities in India.
- ✓ Yes, we train 35,000 farmers, agri-students, dealers, bank and government officials in state-of-the-art farm practices, use of superior planting material and equipment, including advanced irrigation and fertigation technologies.
- ✓ Yes, over a 100,000 visitors from India and abroad benefit from our Hi-tech Agri Institute demonstration farms and educational programs yearly.
- ✓ Yes, 45% of our business (exports & overseas acquisitions) comes from outside Indian borders.
- ✓ Yes, our article of faith is the farmer's prosperity, sustainability, water use efficiency and energy conservation for food security – all aligned with national priorities but with a global reach.

Which is why the market for our products is not just India, but also the world's quality conscious markets of USA, Europe, Japan and 125 other countries!
